

Introduction Welcome to the Behaviorance-I Platform!

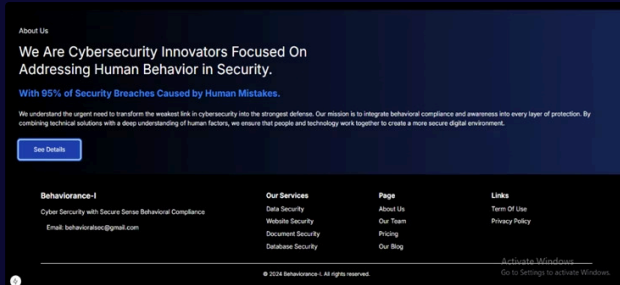

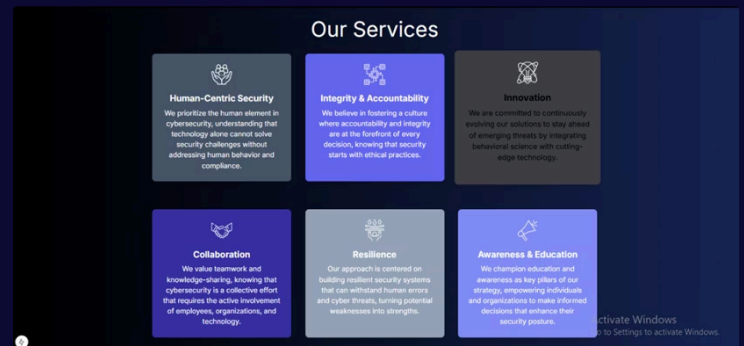

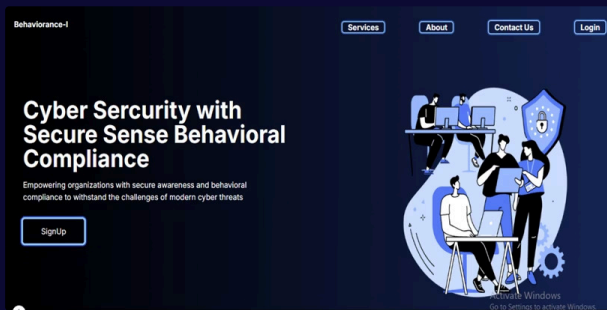

This is an user behavioral comprehension and enhancement platform for organizations and individual users that will analyze user basic knowledge potential related to cybersecurity, behavioral assessment responses, and give suggestions. This guide will take you through the use of the system, and how to use it successfully as an employee or an admin.

1. Getting Started

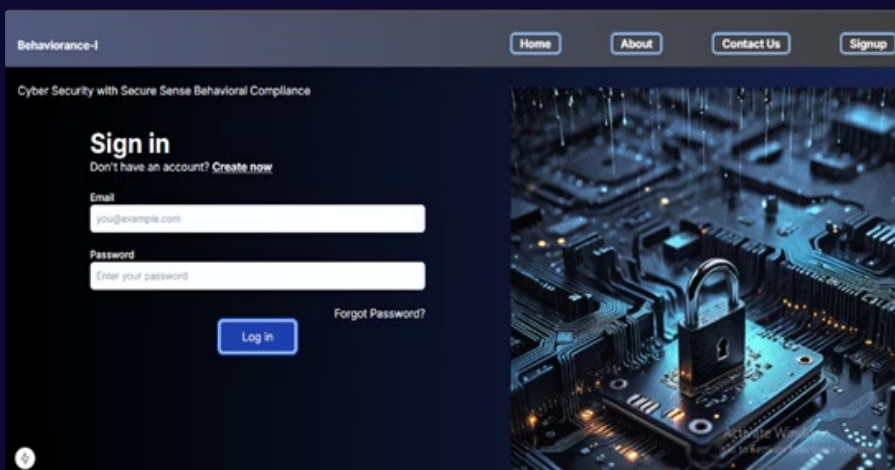

Accessing the Platform

Using your browser, enter the web address of the platform (e.g., <https://behaviorance.app>).

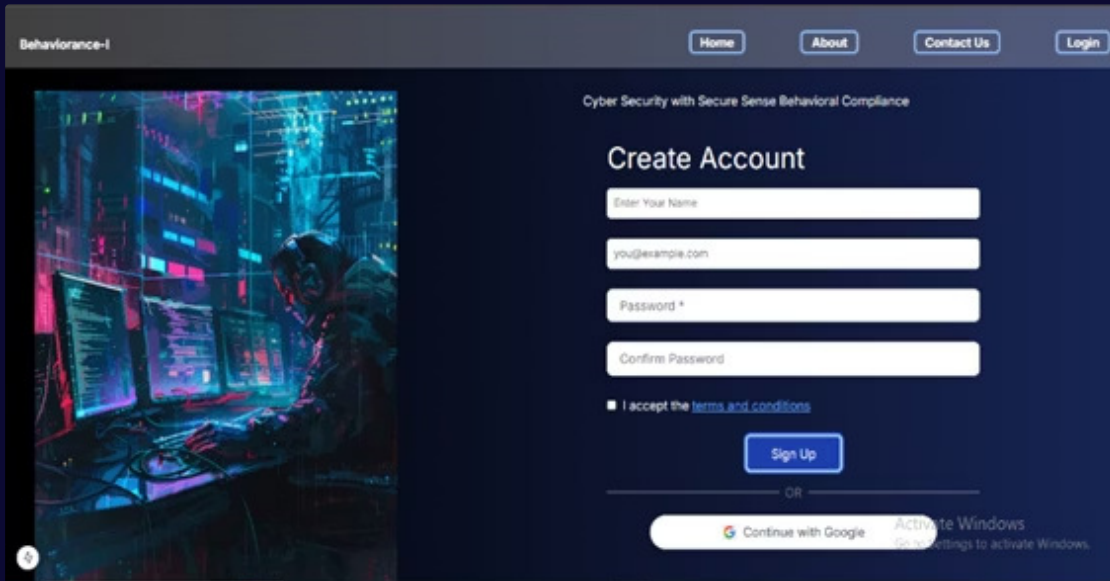

This will take you to the display page, where you can explore about the platform. For signing in you click on the sign in button at the navbar.

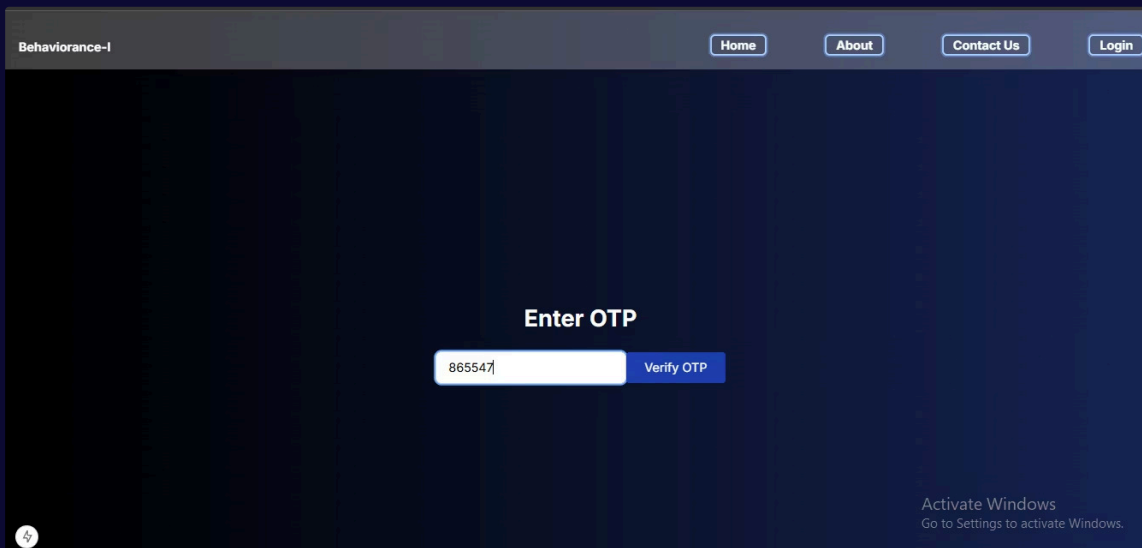

it will take you to the sign in page enter the email you registered under and your password.

New User

If you are a new user, click on "Sign Up" to open your user account.

The screenshot shows the 'Create Account' page of the Behaviorance-I website. The header includes the site name 'Behaviorance-I' and navigation links for 'Home', 'About', 'Contact Us', and 'Login'. The main heading is 'Create Account' under the sub-header 'Cyber Security with Secure Sense Behavioral Compliance'. The form contains four input fields: 'Enter Your Name', 'you@example.com', 'Password *', and 'Confirm Password'. Below these fields is a checkbox labeled 'I accept the [terms and conditions](#)'. A blue 'Sign Up' button is positioned below the checkbox. An 'OR' separator is followed by a 'Continue with Google' button. A Windows activation watermark is visible in the bottom right corner.

The screenshot shows the 'Enter OTP' page of the Behaviorance-I website. The header is identical to the previous page. The main heading is 'Enter OTP'. Below it is a text input field containing the number '865547'. To the right of the input field is a blue 'Verify OTP' button. A Windows activation watermark is visible in the bottom right corner.

When you provide your basic information, you will receive a One-Time Password (OTP) to your email address for verification.

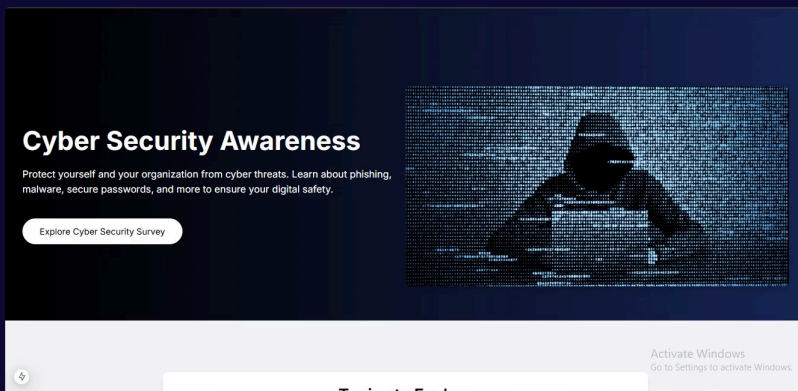

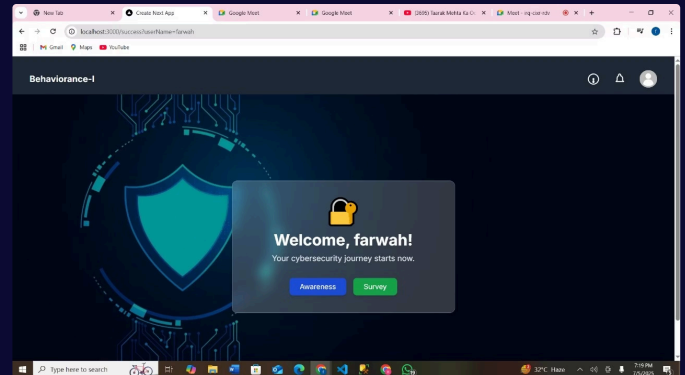

Input the OTP to complete your account registration.

Home page Overview

Taking the Behavioral Survey

Click on "Start Survey".

Security Awareness & Safe Practices and Verification

1. I frequently click links in email messages to see what they are, regardless of who sent the message.

- ☒ Yes, I click without checking.
- ☐ No, I always verify first.
- ☐ Sometimes, if it looks trustworthy.
- ☐ I don't know.

2. When someone sends me a link, I open it without first verifying where it goes.

- ☐ Yes, I open links without checking.
- ☒ No, I always verify links before clicking.
- ☐ Sometimes, if it looks trustworthy.
- ☐ I don't know.

3. I know what website I'm visiting based on its look and feel, rather than by looking at the URL bar.

- ☒ Yes, I rely on the website's appearance.
- ☐ No, I always check the URL.
- ☐ Sometimes, if the website looks familiar.
- ☐ I don't know.

4. Do you verify links (e.g., in the URL bar or by mouseover) to ensure that you are accessing the intended

Answer all questions truthfully based on your daily security practices.

Upon completed submission the system will process, and give suggestion.

Your Suggestion

You show some awareness but still take risky actions like sometimes clicking unknown links or downloading without full checks. Please review beginner-level safe browsing and download guidelines to improve your online safety habits.
